

N	RS120	DESCRIPTION
1	359023	Cover bar
2	359022	Boiler cover
3	359001	Boiler cover gasket : standard
	359002	Boiler cover gasket : for acetone
	359003	Boiler cover gasket : for chlorinated solvents
	239004	Boiler cover gasket : universal
4	429004	Ring - Bag / ring for placement of RecBag
5	351401	Cover of oil drain
6	-----	Boiler
7	3827003	Support fan motor
8	475000	Fan motor
9	466149	Fan ring
10	466101	Fan (for Copper condenser)
	466102	Fan (for Stainless steel condenser)
11	430300	Ogive for condenser
12	430150	Fastening nut for condenser
13	384022	Copper air cooled condenser
14	301106	Protecting grid of condenser
15	429000	Unit rotation handle
16	427000	Knob for locking the rotation of the boiler
17/18	354000	Pin for locking the rotation of the unit
19	357009	Support structure
21	384000	Oil bleeding valve
22	380021	Expansion vessel diathermic oil
23/28	384002	Cover closing kit
23	354639	Upper pin of cover handle
24	429002	Cover handle
25	357403	Forked brace
26	353702	Spring for boiler cover
27	354641	Guide pin for spring
28	354640	Lower pin of cover handle
29	385007	Timer (0-5 hours)
31	384018	Working thermostat (50-210°C) for T2 machines
	384009	Working thermostat (50-185°C) for T3 machines
32	-----	Tube electrical connection fan motor
33	-----	Ex shunt box
34	-----	Capillary of thermostat
35	384008	Condenser safety thermostat
36	-----	Gland to electrical control box
37	-----	Screw
38	-----	Support for electrical components
39	384020	Maximum thermostat (225°C) for T2 machines
	384021	Maximum thermostat (195°C) for T3 machines
40	350000	Little shaft
41	350903	Bush for shaft
42	-----	Seeger washer
43	-----	Front panel of the electrical control box
44	425002	Knob
46	466403	Electrical resistance
47	472100	Cover of the electrical resistance box
49	433713	Diathermic oil thermometer
50	302024	Fixing plate for stainless steel condenser
51	302123	Fastening rod for condenser
53	383022	Air cooled stainless steel AISI304 condenser
